Rising to the Challenge in 2020!

Dear Chapter Members:

Congratulations to past president, Mary Shindell, the Executive Board, and all of the members who contributed to this effort, especially in these unprecedented times.

Navigating through the pandemic has been a difficult challenge for most, however, Maia Chapter is adapting to the new normal.

As such, it is with great respect and admiration that I inform you, the Maia Chapter has fulfilled the requirements for **Striving for Best Practices in League Management**.

Congratulations on a job well done.

The three areas that caught my attention was your performance in membership recruitment and membership retention performance as well as the exceptional programming

that reflected the needs of your members.

Your year was well planned and orchestrated. PLUS, the organization of your submission is an excellent work product that would impress any employer or potential client. Thank you!

Your final TWO steps to crossing the threshold for this recognition is easy.

- First, you must have at least ONE member registered and in attendance at this year's Virtual National Women's Leadership Conference, and the Awards Ceremony on Thursday, October 15. If you haven't already, you may register at the early bird price through September 22.
- Notify us in writing on where we should send the award certificate at webmail@abwa.org

I look forward to seeing your progress in 2021! You are on the right path!

Stay well!

Rene' Street, Executive Director
